

**EVENT - 2024**

**FEBURARY 29 - MARCH 01**

PAINT KITCHEN  
BRIDGE HUB

# BRIDGE HUB

## EVALUATION KEY

*Program by Jason Kleuster*

# PAINTS AND COATINGS

KNOW HOW TRANSFER

29.02  
THURSDAY

**08:00**      **Registration**

**09:00**      **BRIDGE HUB:** Presentation "Eco-System"

**09:30**      **LANXESS:** "Bayferrox pigments Application in coatings"

**10:00**      **CINKARNA:** "Micronized titanium dioxide, improvement of coating quality and economical application"

**10:30**      **Heubach:** "Organic pigments, their properties, new possibilities"

**11:00**      **Coffee break**

**11:15**      **MÜNZING CHEMIE:** "Dispersants, foaming agents, wetting agents and rheology modifiers, technological consulting"

**12:30**      **IMPEXNEFTEKHIM:** "About resins "

**13:00**      **Lunch time**

**14:00**      **NETZSCH:** "How to choose the right dispersing and grinding system", *Alexander Felk*

**14:40**      **NETZSCH:** "Delta Vita Masterclass for developing your own recipes and quality control", *Udo Hautsch*

**15:40**      **Coffee break**

- 16:00**      **BYK:** "Paint material specification, quality analysis, paint colors"
- 17:00**      **ALBERDINGK BOLEY**
- 17:45**      **PROJECT SPETTRO:** "Quality assurance of paints with the support of BYK"
- 18:15**      **Discussion**
- 19:00**      **Dinner**

# PAINTS AND COATINGS

PRACTICE IN THE LABORATORY

01.03  
FRIDAY

**NETZSCH**  
Proven Excellence.

**09:00**

**NETZSCH:** "Production of corrosion protection coatings with the Epsilon high-performance inline disperser."

**NETZSCH:** "Demonstration of the MasterMill basket mill."

**BYK:** "Use of analysis devices for quality assessment."

**13:00**

**Lunch time**

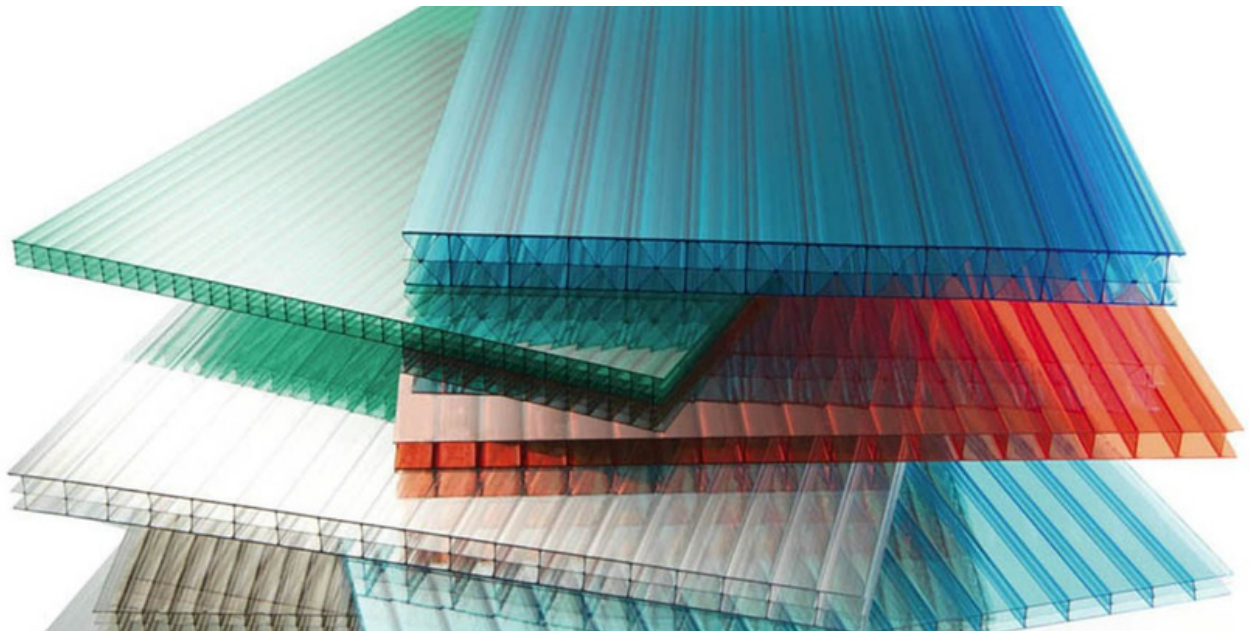

- 14:30**      **NETZSCH:** "Production of printed flexographic inks with a Discus horizontal mill."
- 17:00**      **Discussions, questions and experiences**
- 18:00**      **Buffet**

# MASTERBATCHES

KNOW HOW TRANSFER

01.03  
FRIDAY

**09:00**      **Registration**

**10:00**      **LANXESS:** "Bayferrox pigments - application in plastics."

**10:45**      **CINKARNA:** "Titanium dioxide application in plastics, technological nuances."

**11:30**      **Coffee break**

- 12:00**      **HEUBACH:** "Application of organic pigments in the plastics industry."
- 12:30**      **Discussions**
- 13:00**      **Lunch time**
- 14:00**      **MÜNZING CHEMIE:** "Additives and a range of solutions for manufacturers in the plastics industry."
- 15:00**      **BYK:** "Quality control tool for plastics and transparent materials."
- 16:20**      **Coffee break**
- 17:00**      **Discussions, questions and experiences**
- 18:00**      **Buffet**
